REMINDER

Drawing changes must require changes in the specification, e.g., if Fig. 1 is changed (Fig. 1A, Fig. 1B, Fig. 1C, etc.), the specification, at the point of change of the Drawing, must likewise be changed. Please make such changes by 37 CFR 1.85. An amendment at the time of submitting drawings.

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

1. Correction of Drawings - 37 CFR 1.85

Any correction of the changes proposed to the drawings, if permitted, should include the name of the inventor, inventor's family, and applicant's name and title, or attorney (if any) if an application number has been assigned to the application. This information, if provided, must be placed on the front of the corrected drawing within the top margin. It may also be submitted as a separate paper with a handwritten note addressed to the Drawing Review Branch.

2. Timing for Corrections

Applicant is required to submit **acceptable** corrected drawings within the three-month shortened statutory period set in the Notice of Allowability (PTO-157).

Failure to take corrective action within set period will result in **ABANDONMENT** of the Application.

3. Corrections other than Defects Noted by the Drawing Review Branch on the Form PTO-948

All changes to the drawings, other than defects noted by the Drawing Review Branch, **MUST** be approved by the examiner before the application will be allowed. No changes will be permitted other than correction of defects, unless the examiner has approved the proposed changes.
